Study Verse:

Psalms 34:17 “The righteous cry out, and the Lord hears them; he delivers them from all their troubles.”

Psalms 121:1-2 “I lift up my eyes to the hills—where does my help come from? My help comes from the Lord, the Maker of heaven and earth.”

1 Peter 5:7 “Cast all your anxiety on him because he cares for you.”

My Thoughts: **Disclosure:** I do not know why God and the Holy Spirit speaks to me in the way He does, I say this so you understand, I do not think these topics up to make a personal point. I am trying to be obedient to the best of my understanding and ability. I seek the wisdom that I am to learn and share in my journey with God. I have only one agenda.. Obedience. I do not believe that one ethnic culture is more superior than the other or deserves privilege over another. I believe God created us in His image and Satan deceived and influenced Eve and Adam to make a bad choice separating them (us) from Gods original plan for our lives on earth. I believe Jesus paid the sacrifice required according to Gods law to allow us to return to Gods plan and will for our lives, no matter the color of skin or DNA. Sin is Sin no variations and Redemption is Redemption through Jesus no variations.

Now on to the lesson for today: KUMBAYA MY LORD KUMBAYA... Sang around the campfire not understanding the words and the history behind the lyric! A reference used with sarcasm to dismiss attitude. “ Kum BA ya! “ Then we find ourself in some kind of trouble our desperate situation and we cry out to the Lord, “Oh God I need you, Come here and help me! Answer my pray oh Lord” The songs or yesterday, the Hymns, once sang in Church, that old time religion that our ancestors knew and lived by. Why do we dismiss it, forget about it, use it as source of dismissal and sarcasm. I think we would be a better society if we slowed our roll, took one moment to listen and attempt to understand what our history of life, that has carried us to today, has to offer us for a better tomorrow. Gods Word, The Holy Bible, Jesus, the Holy Spirit, they are our HISTORY and our FUTURE. Regardless if it is a song Lyrics, Devotional or Sunday Sermon. We must listen, understand, and believe in its truth to have a successful future. We as a society must find a better way to live, work and worship together. Our faith, our hope, our truth is found in the history and prophesy of God. Our future life depends on it. Tomorrow maybe my (your) eternity. Kumbaya my Lord, Kumbaya, I'm gon' need you Lord, Kumbaya.

Until next time, May God bless, heal, protect and grow in you daily, Everyone say, AMEN.
